

Healthy homemade meals
For the pleasure of elementary school children

GOOD DAY DEAR PARENTS!

It is with great pleasure that we offer you our school catering service.

We know that feeding your children well is a challenge for many parents. We present to you a hassle-free service, allowing you to offer your children healthy, balanced, nutritious lunches and above all that they will appreciate.

In order to meet their needs in vitamins, minerals and other nutrients, we respect the recommendations of the new Canadian food guide and those more specific to your school board in terms of healthy lifestyles and nutrition.

A varied menu all year round!

Our menu remains unpretentious and above all offers **meals familiar and loved by children.**

Non-rotating, it presents **new dishes every month.** Obviously, our most popular meals are offered on a regular basis but there is **always room for discovery**, depending on the season. Whether it is through our good meal soups that will warm the belly, our summer salads, our thematic meals, etc.
